

COLLEGE  
**CHAMPITTET**  
FONDÉ EN 1903

# Collège Champittet

Founded in 1903

**W**ith a long history of educational experience, and in an exceptional working environment and a very safe location, Collège Champittet welcomes students from Nursery school until reaching University studies.

Though based on tradition, Collège Champittet is turned towards **continually improving its academic programs** and campus facilities.

In 2006 **Bilingual French/English** education was introduced emphasizing the commitment of day students and boarding students of all nationalities to be open to intercultural exchange and understanding.

**IB programme** (International Baccalaureate) The choice between the different subjects allows the students to structure the two last years of schooling in the light of their future university ambitions and academic abilities. The IB Diploma is highly respected by universities throughout the world.

**Champittet Summer Camp** : each year the school organizes a Summer Camp during the month of July. Students come here to learn English or French. Our camp starts on Sunday, July 3rd, and ends on Saturday, July 30th, 2011. It will be held within the grounds of Collège Champittet in Lausanne-Pully, Switzerland. We welcome children and teenagers from 11 to 16 years old.

**Boarding House**

Our small but international boarding school with a family atmosphere welcomes students from all around the world. We faithfully accompany young people who have been entrusted to our care according to the College's charter.

Their supervision on an individual basis is devoted to developing their personal and academic talents. Thus, our boarding school not only proves to be an asset to academic success, but is also a lively place, where friendship, mutual encouragement and social life are the key elements for a genuine school of life.

**Travels** : An exciting trip to an exotic or faraway destination is organized for all boarding students every year in October. In the past, we have visited Mexico – where we met former students! – Thailand, and Kenya and Tanzania on safari. These kinds of experiences are emotionally bonding for both boarding students and supervisors. The school organizes trip within Switzerland and to European capitals.

We look forward to welcoming you soon at Collège Champittet in Switzerland

Mr. Roland Lomenech  
Director General
